On your 2020 tax return we are required to report the amount you have received on both your first and second stimulus checks. If you have received either both or none of the stimulus amounts, we will need to report what was actually received by you. In some situations, the IRS may have issued stimulus payments to you; however, they may not have been received by you. You can get the information about your stimulus checks by going to <https://www.irs.gov/coronavirus/get-my-payment> and clicking on Get My Payment. This site will tell you if your stimulus amounts were Direct Deposited, Check Mailed or a Prepaid Debit Card sent to you.

Affordable Tax Service is only responsible for reporting the amounts you actually receive and report only the amounts you provide to us. These amounts must be accurate. If the amounts are not accurate you may be subject to penalties, interest, and a possible mail audit. **PLEASE NOTE THIS WILL DELAY YOUR REFUND** Affordable Tax service will not be held responsible or liable for any delays of your refund or any liabilities related to the numbers you provide to us with regarding your stimulus amounts and what you report to us.

We can represent you before the IRS with a signed IRS power of Attorney and are available to track your stimulus payment, but that would be covered under a separate engagement and is not included in your tax preparation fee.

First Stimulus Amount Received: \$ _____ \$1,200 issued per taxpayer / \$500 per dependent under the age of 17

Second Stimulus Amount Received: \$ _____ \$600 issued per taxpayer / \$600 per dependent under the age of 17

Acknowledged on _____, 2021
